“Anne Blumer’s presentation on organizing kitchen and pantry at our store in The Pearl was our best attended workshop for all of our locations. Anne did a terrific job combining information about her organizing process with practical suggestions for product. I think many people left with a clear sense of how to start and others were eager to jump in to locate appropriate solutions. I saw several full carts that were inspired by her suggestions. You addressed the audience questions with ease, including those questions off topic such as paper storage. We sold out of the home filing kit after your glowing recommendation.” “Thank you Anne for giving our customers a clear organizing process and experienced information about our products!” **Leslie Sampson**, Vice President, Storables
